Patient Financial Policy

Co-pays:

The patient is expected to present a valid insurance card at each visit. All co-payments and past due balances are due and payable at the time of service.

Self-pay accounts:

Self-pay accounts are:

- Patients who are covered by insurance plans that the practice does not participate in.
- Patients without insurance information of file.
- Patients without an insurance card at the time of service, do not meet the deductible,
- Payment is required at the time of service for all services.

Extended Payment Arrangements:

For procedures exceeding \$300.00: 75% of the total fee is to be paid at the time of service. The remaining balance is to be paid over the next three months in equal monthly payments due by the first of every month. OADC reserves the right to add a service charge or interest to any extended payments. Patients who fail to make a monthly payment will be sent to a collection agency and may be terminated from the practice. Alternative payment schedules must be arranged with the billing department prior to surgery.

Non-participating Insurance Plans:

The financial obligations of patients who are insured by carriers that the practice does not participate with are considered a self-pay account. The insurance company will be billed as a non-assigned claim as a courtesy to the patient with the patient paying the practice the amount in full. The insurance company will reimburse the patient on non-assigned claims. *For surgical procedures please ask to speak to a billing representative prior to the procedure. If the practice receives payment for a non-assigned claim, the patient will receive a refund.

Patient Refunds:

The following criteria must be met prior to Orthopedic Associates issuing a patient refund: The patient has not been treated by the practice for 90 days, there are no outstanding insurance claims on the patients account, and there are no outstanding patient balances on the account.

Divorce Cases:

In the case of divorce, the individual who receives the care is responsible for payment of co-pays, coinsurance, and non-participating insurance balances at the time of service. We will not bill a divorced spouse for the patient's services.

Child Custody Cases:

The parent with primary custody is usually the parent whom the child lives and usually brings the child to the practice for care. The custodial parent is responsible for payment at the time of service whether the account is considered self-pay, participating insurance, or non-participating insurance. If the non-custodial parent carries the insurance on the child, the office will bill that insurance company. The practice does not get involved with divorce specifics, e.g., one parent pays 80% and the other pays 20%. It is the parents obligation to work out an agreement themselves or through the court system.

Referrals:

If your insurance has designated a primary care physician (PCP), you are required to have prior authorization from your PCP prior to your office visit. If authorization is not provided, you will be asked to either reschedule your appointment or pay for the visit at the time of service.

This financial policy helps the practice provide quality care to our valued patients. If you have any questions or need clarification of any of the above policies, please feel free to contact us.

AUTHORIZATION FOR PAYMENT

I authorize the release of any medical information necessary to process insurance claims (including HIV/AIDS, Drug and Alcohol abuse, and mental illness) and the release of information back to my physician. I also authorize payment of medical benefits to ORTHOPEDIC ASSOCIATES OF DUTCHESS COUNTY, P.C. for services rendered. In the event that my medical insurance does not pay for services rendered, I agree to pay Orthopedic Associates of Dutchess County, P.C. for these services.

The patient or legal guardian is responsible for payment of services.
